

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jacek Pelka
DOCKET NO.: 19-08506.001-R-1
PARCEL NO.: 15-06-305-064

The parties of record before the Property Tax Appeal Board are Jacek Pelka, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,979
IMPR.: \$184,116
TOTAL: \$217,095

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,722 square feet of living area. The dwelling was constructed in 2006 and is 13 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 680 square foot garage. The property has an approximately 13,100 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.09 of a mile from the subject property. The comparables have sites that range in size from 12,576 to 13,450 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 4,226 to 4,468 square feet of living area. The dwellings are either 12 or 13 years old. Each comparable has a basement, one with finished area, central air conditioning, one

or two fireplaces and a garage ranging in size from 782 to 900 square feet of building area. The properties sold from June 2018 to June 2019 for prices ranging from \$600,000 to \$667,000 or from \$141.28 to \$149.28 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$182,452 which reflects a market value of \$547,411 or \$147.07 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$217,095. The subject's assessment reflects a market value of \$660,064 or \$177.34 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable properties, two of which with recent sales. Comparable #3 has no recent sale information and therefore shall not be further discussed or analyzed. Comparable sales #1 and #2 are located within 0.11 of a mile from the subject property. The comparables have sites with 11,630 or 13,870 square feet of land area and are improved with two-story dwellings of brick or brick and stone exterior construction that have 3,650 or 3,702 square feet of living area and were built in either 2015 or 2018. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage with either 713 or 936 square feet of building area. The properties sold in January or December 2018 for prices of \$750,000 and \$850,000 or for \$202.59 and \$232.88 per square foot of living area, land included, respectively. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted five comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #2 which has a larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the remaining four comparables which are more similar to the subject in location, age, design, dwelling size and other features. These best comparables sold from January 2018 to June 2019 for prices ranging from \$600,000 to \$850,000 or from \$141.28 to \$232.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$660,064 or \$177.34 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
