

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ben Dillon  
DOCKET NO.: 19-08514.001-R-1  
PARCEL NO.: 16-32-401-028

The parties of record before the Property Tax Appeal Board are Ben Dillon, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,282  
**IMPR.:** \$114,456  
**TOTAL:** \$162,738

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 2,296 square feet of living area. The dwelling was constructed in 1959 and is approximately 60 years old. Features of the home include a basement, a fireplace, and a 400 square foot garage. The property has a 9,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. The comparables are located within 0.49 of a mile from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 8,860 to 12,000 square feet of land area and are improved with 2-story homes of brick, frame, or brick and frame exterior construction ranging in size from 1,970 to 2,754 square feet of living area. The dwellings range in age from 59 to 61

years old. Two homes are reported to have a basement and two homes are reported to have a concrete slab foundation. Each home has central air conditioning, one or two fireplaces, and a garage ranging in size from 275 to 483 square feet of building area. The comparables sold from March 2018 to July 2019 for prices ranging from \$326,000 to \$515,500 or from \$150.18 to \$203.55 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment to \$129,399 which would reflect a market value of \$388,236 or \$169.09 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,738. The subject's assessment reflects a market value of \$494,795 or \$215.50 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales. The comparables are located within 0.56 of a mile from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 9,000 to 10,010 square feet of land area and are improved with split-level or 2-story homes<sup>1</sup> of wood siding or brick and wood siding exterior construction ranging in size from 2,167 to 2,590 square feet of living area. The dwellings were built from 1956 to 1960 with comparables #1 and #2 having effective ages of 1980 and 1967, respectively. Four homes have a basement, two of which have finished area, and one home has a lower level with finished area. Each home has central air conditioning and a garage ranging in size from 441 to 528 square feet of building area. Four homes each have one or two fireplaces. The comparables sold from April 2018 to June 2019 for prices ranging from \$529,500 to \$645,000 or from \$228.43 to \$263.04 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 and the board of review's comparable #1, due to significant differences from the subject in design, dwelling size, and/or foundation type.

---

<sup>1</sup> The board of review reported that comparable #1 is a 1-story home having a lower level with finished area, indicating that this comparable is a split-level home.

The Board finds the best evidence of market value to be the appellant's comparable #3 and the board of review's comparables #2, #3, #4, and #5, which are similar to the subject in dwelling size, site size, age, location, and some features. These most similar comparables sold from April 2018 to June 2019 for prices ranging from \$401,000 to \$645,000 or from \$203.55 to \$249.03 per square foot of living area, including land. The subject's assessment reflects a market value of \$494,795 or \$215.50 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
