

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Rohr  
DOCKET NO.: 19-08560.001-R-1  
PARCEL NO.: 15-21-302-020

The parties of record before the Property Tax Appeal Board are Allan Rohr, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,529  
**IMPR.:** \$181,773  
**TOTAL:** \$223,302

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,632 square feet of living area. The dwelling was constructed in 1999 and is approximately 20 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 628 square foot garage. The property has an approximately 10,018 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located within 0.19 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story homes of wood siding or dryvit exterior construction ranging in size from 3,810 to 3,987 square feet of living area. The dwelling are 21 or 23 years old. Each home has a basement,

central air conditioning, a fireplace, and a garage ranging in size from 607 to 693 square feet of building area. The comparables have improvement assessments ranging from \$181,522 to \$190,058 or from \$47.20 to \$47.67 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$172,621 or \$47.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,302. The subject property has an improvement assessment of \$181,773 or \$50.05 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located within 0.31 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story homes of brick, dryvit, or brick and wood siding exterior construction ranging in size from 3,538 to 3,920 square feet of living area. The dwellings were built in 1995 to 1999. Each home has a basement, four of which have finished area, central air conditioning, and a garage ranging in size from 633 to 740 square feet of building area. Four homes each have a fireplace. The comparables have improvement assessments ranging from \$178,550 to \$192,903 or from \$48.17 to \$51.92 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #3, #4, and #5, which feature finished basement area that the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparable #2, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$181,522 to \$190,058 or from \$47.20 to \$48.17 per square foot of living area. The subject's improvement assessment of \$181,773 or \$50.05 per square foot of living area falls within the range established by the best comparables in terms of total improvement assessment but above the range on a per square foot basis.

The Board notes the principle of the economies of scale which generally provides that if all other things are equal, as the size of a property increases, the per unit value decreases. In contrast, as the size of a property decreases, the per unit value increases.

Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
