

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joy Serauskas  
DOCKET NO.: 19-08565.001-R-1  
PARCEL NO.: 15-24-308-001

The parties of record before the Property Tax Appeal Board are Joy Serauskas, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,241  
**IMPR.:** \$153,095  
**TOTAL:** \$193,336

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,868 square feet of living area. The dwelling was built in 1976 and is approximately 43 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 529 square feet of building area. The property has a site with approximately 20,040 square feet of land area and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information four equity comparables improved with 1.5-story or 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,708 to 3,418 square feet of living area. The homes range in age from 35 to 47 years old. Each comparable has a full basement with one having finished area, central air

conditioning and an attached garage ranging in size from 440 to 529 square feet of building area. Four comparables have one fireplace. The comparables are located from .07 to .35 of one mile from the subject property. The comparables have improvement assessments that range from \$138,993 to \$171,078 or from \$44.18 to \$51.33 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$140,144.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$193,336. The subject property has an improvement assessment of \$153,095 or \$53.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two story dwellings of wood siding, brick, or wood siding and brick exterior construction that range in size from 2,830 to 2,972 square feet of living area. The homes were built in 1972 or 1985. Each comparable has a basement with three having finished area, central air conditioning, one fireplace, and an attached garage ranging in size from 529 to 1,236 square feet of building area. The comparables are located from .22 to .38 of one mile from the subject property. These properties have improvement assessments ranging from \$150,204 to \$173,732 or from \$52.19 to \$59.51 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions that are similar to the subject in location. The Board gives less weight to appellant's comparables #1 and #2 due to differences from the subject in dwelling size and the fact that comparable #1 has finished basement area, a feature the subject does not have. The Board gives less weight to board of review comparables #2, #3 and #5 as each dwelling has finished basement area while the subject has an unfinished basement. The Board finds the best comparables to be appellant's comparables #3 and #4 and board of review comparables #1 and #4. These comparables have improvement assessments that range from \$138,993 to \$173,732 or from \$49.90 to \$58.46 per square foot of living area. The subject's improvement assessment of \$153,095 or \$53.38 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
