

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Vogel  
DOCKET NO.: 19-08574.001-R-1  
PARCEL NO.: 14-33-111-048

The parties of record before the Property Tax Appeal Board are Maria Vogel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,315  
**IMPR.:** \$136,000  
**TOTAL:** \$184,315

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,612 square feet of living area. The dwelling was constructed in 1992 and is 27 years old. Features of the home include an unfinished walk-out basement, central air conditioning, two fireplaces and a 782 square foot garage. The property has an approximately 57,220 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject and from 0.32 of a mile to 1.71 miles from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,770 to 2,800 square feet of living area. The homes range in age from 29 to 32 years old. Each comparable

has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 600 to 704 square feet of building area. The comparables have improvement assessments that range from \$125,193 to \$127,053 or from \$44.71 to \$45.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$117,951 or \$45.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,603. The subject has an improvement assessment of \$142,288 or \$54.47 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and from 0.69 of a mile to 1.73 miles from the subject property. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 2,580 to 3,346 square feet of living area. The homes were built from 1987 to 2017. Each comparable has an unfinished basement, two of which are walk-out in style, central air conditioning, one fireplace and a garage ranging in size from 596 to 1,368 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$130,351 to \$236,816 or from \$50.52 to \$70.78 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #1 which features an inground swimming pool unlike the subject and to the board of review's comparable #4 which is substantially newer in age and larger in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and remaining board of review comparables which are generally similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$125,193 to \$139,785 or from \$44.71 to \$51.65 per square foot of living area. Board of review's comparable #2 is considered to be most similar to the subject, as it has an unfinished walk-out basement. This property has an improvement assessment of \$139,040 or \$51.65 per square foot of living area. The subject's improvement assessment of \$142,288 or \$54.47 per square foot of living area falls above the range established by the best comparables in this record. After considering appropriate adjustments to the comparables for differences from

the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
