

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Doman
DOCKET NO.: 19-08599.001-R-1
PARCEL NO.: 15-14-203-013

The parties of record before the Property Tax Appeal Board are Timothy Doman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,769
IMPR.: \$169,083
TOTAL: \$238,852

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 3,401 square feet of living area. The dwelling was constructed in 1985 and is approximately 34 years old. The dwelling has a reported effective age of 1987.¹ Features of the home include a basement finished with a 534 square foot recreation room, central air conditioning, a fireplace and a 936 square foot garage. The property has a 21,370 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .31

¹ The subject's property record provided by the board of review disclosed the subject dwelling has an effective age of 1987, which was unrefuted by the appellant.

of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 3,336 to 3,520 square feet of living area. The dwellings range in age from 32 to 41 years old. The comparables each have a basement, one of which has 942 square feet of finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 484 to 805 square feet of building area. The comparables have improvement assessments that range from \$159,237 to \$165,895 or from \$45.42 to \$47.73 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$160,008 or \$47.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$238,852. The subject property has an improvement assessment of \$169,083 or \$49.72 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .31 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,306 to 3,538 square feet of living area. The dwellings were built from 1984 to 1990. The comparables each have a basement, three of which have recreation rooms that range in size from 1,105 to 1,475 square feet of finished area. Each comparable has central air conditioning, either one or three fireplaces and a garage ranging size from 529 to 932 square feet of building area. The comparables have improvement assessments that range from \$181,257 to \$188,281 or from \$52.15 to \$54.83 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds all of the comparables are similar to the subject in location, dwelling size, design and age. However, the Board finds four of the comparables have unfinished basements, unlike the subject, suggesting an upward adjustment would be required to make these comparables more equivalent to the subject, while the four remaining comparables have larger size recreation rooms when compared to the subject, suggesting a downward adjustment would be required comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$159,237 to \$188,281 or from \$45.42 to \$54.83 per square foot of living area. The subject's improvement assessment of \$169,083 or \$49.72 per square foot of living area falls within the range established by the comparables in the record.

Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
