

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Shkolnik
DOCKET NO.: 19-08607.001-R-1
PARCEL NO.: 15-05-208-083

The parties of record before the Property Tax Appeal Board are Michael Shkolnik, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,875
IMPR.: \$63,013
TOTAL: \$102,888

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story residential townhouse of brick exterior construction with 2,087 square feet of living area. The dwelling was constructed in 2008 and is approximately 11 years old. Features of the home include a concrete slab foundation, central air conditioning and a 420 square foot garage. The property has an approximately 1,290 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .09 of a mile from the subject property. The comparables have sites that range in size from 1,289 to 2,299 square feet of land area and are improved with three-story residential townhouses of brick exterior construction ranging in size from 2,037 to 2,189 square feet of living area. The dwellings range in age from 6 to 12 years

old. Each comparable has a concrete slab foundation, central air conditioning and a garage with either 420 or 440 square feet of building area. The properties sold from April 2018 to May 2019 for prices ranging from \$279,000 to \$313,000 or from \$136.86 to \$142.99 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$96,697, which would reflect a market value of \$290,120 or \$139.01 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,888. The subject's assessment reflects a market value of \$312,825 or \$149.89 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .09 of a mile from the subject property. The comparables have sites that range in size from 1,270 to 1,510 square feet of land area and are improved with three-story residential townhouses of brick exterior construction, each with 2,087 square feet of living area. The dwellings were built from 2006 to 2012. Each comparable has a concrete slab foundation, central air conditioning and a 420 square foot garage. The properties sold from March 2018 to December 2019 for prices ranging from \$310,000 to \$330,000 or from \$148.54 to \$158.12 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested comparable sales for the Board's consideration. The Board finds all of the comparables are similar to the subject in location, dwelling size, design, age and features. However, the Board has given most weight to the comparables presented by the board of review, which are identical to the subject in dwelling size and features. These three properties sold from March 2018 to December 2019 for prices ranging from \$310,000 to \$330,000 or from \$148.54 to \$158.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$312,825 or \$149.89 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
