

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adair Andrews
DOCKET NO.: 19-08609.001-R-1
PARCEL NO.: 14-34-201-002

The parties of record before the Property Tax Appeal Board are Adair Andrews, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,919
IMPR.: \$151,750
TOTAL: \$190,669

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,027 square feet of living area.¹ The dwelling was constructed in 1971 and is approximately 48 years old. Features of the home include a basement, central air conditioning, two fireplaces, a 1,176 square foot enclosed masonry porch and a 756 square foot attached garage. The property also has a 406 square foot inground swimming pool. The property has an approximately 51,290 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

¹ The Board finds the best description of the subject property is found in the property record card provided by the board of review, which revealed the subject has a 1,176 square foot enclosed masonry porch and a 406 square foot inground swimming pool, which were not reported by the appellant.

comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,786 to 3,369 square feet of living area. The dwellings range in age from 44 to 52 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 444 to 696 square feet of building area. The comparables have improvement assessments that range from \$116,950 to \$138,127 or from \$41.00 to \$43.11 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$127,186 or \$42.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,669. The subject property has an improvement assessment of \$151,750 or \$50.13 per square foot of living area. In support of its contention of the correct assessment, the board of review through the township assessor submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story or 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,170 to 3,420 square feet of living area. The dwellings were built from 1964 to 1977. The comparables have basements, three of which are walk-outs. Each comparable has central air conditioning, one or three fireplaces and an attached garage ranging size from 577 to 912 square feet of building area. Comparable #2 has a green house, comparable #3 has an additional 528 square foot detached garage and comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$159,108 to \$165,177 or from \$47.61 to \$50.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds all of the comparables are relatively similar to the subject in location, dwelling size and age, but have features with varying degrees of similarity when compared to the subject. Nevertheless, the comparables have improvement assessments that range from \$116,950 to \$165,177 or from \$41.00 to \$50.41 per square foot of living area. The Board has given most weight to board of review comparable #4 which has an improvement assessment of \$50.41 per square foot of living area, as it is most similar to the subject in that it is the only comparable that has an inground swimming pool like the subject. The subject's improvement assessment of \$151,750 or \$50.13 per square foot of living area falls within the range established by the comparables in the record and is further supported by the most similar comparable in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
