

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diane Bennett
DOCKET NO.: 19-08614.001-R-1
PARCEL NO.: 14-31-301-050

The parties of record before the Property Tax Appeal Board are Diane Bennett, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,317
IMPR.: \$146,057
TOTAL: \$185,374

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,064 square feet of living area. The dwelling was constructed in 1967 and is approximately 52 years old. Features of the home include a partial basement, central air conditioning, a fireplace and an 864 square foot garage. The property has a 19,580 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .51 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 2,672 to 3,573 square feet of living area. The dwellings range in age from 47 to 54 years old. The appellant reported in the

basement section of the appeal petition that the comparables have 894/slab, 933/slab, 650/slab and 1,426/full basement area, respectively.¹ Each comparable has central air conditioning, a fireplace and a garage with either 420 or 462 square feet of building area. The comparables have improvement assessments that range from \$117,762 to \$157,663 or from \$43.64 to \$44.13 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$134,540 or \$43.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,374. The subject property has an improvement assessment of \$146,057 or \$47.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .58 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,068 to 3,229 square feet of living area. The dwellings were built from 1969 to 1972 with comparables #2 and #3 having reported effective ages of 1978 and 1975, respectively. Each comparable was reported to have a full basement, central air conditioning, a fireplace and a garage ranging size from 440 to 780 square feet of building area. Comparable #2 has a green house. The comparables have improvement assessments that range from \$146,953 to \$175,523 or from \$46.39 to \$57.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4 due to their dissimilar dwelling sizes when compared to the subject dwelling. The Board has given reduced weight to board of review comparable #2 as it has a green house, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are overall most similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments that range from \$132,315 to \$175,523 or from \$43.64 to \$57.21 per square foot of living area. The subject's improvement assessment of \$146,057 or \$47.67 per square foot of living area falls within the range established

¹ The appellant provided dwelling sketches for each of the appellant's comparables. No foundation description was depicted in the dwelling sketches for the appellant's comparables #1, #2 and #3. The dwelling sketch for the appellant's comparable #4 depicts the dwelling has a partial basement and part crawl space foundation.

by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
