

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vivian Szczupak  
DOCKET NO.: 19-08627.001-R-1  
PARCEL NO.: 14-31-306-033

The parties of record before the Property Tax Appeal Board are Vivian Szczupak, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,709  
**IMPR.:** \$119,918  
**TOTAL:** \$158,627

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling with brick exterior construction containing 2,359 square feet of living area. The dwelling was constructed in 1968. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and an attached 460 square foot garage. The property has a 24,050 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted assessment information on four equity comparables that are located from .11 to .56 of a mile from the subject. The comparables are improved with two-story dwellings containing from 2,376 to 2,505 square feet of living area. The dwellings were built from 1965 to 1971. The comparables have unfinished basements, central air conditioning, a fireplace and an attached 441 or 500 square foot garage.

The comparables have improvement assessments ranging from \$107,219 to \$115,735 or from \$45.13 to \$46.35 per square foot of living area.

Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$107,682 or \$45.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,627. The subject property has an improvement assessment of \$119,918 or \$50.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located from .11 to .67 of a mile from the subject. The comparables are improved with one-story dwellings containing from 2,284 to 2,543 square feet of living area. The dwellings were built from 1966 to 1972. The comparables have unfinished basements, one of which has a walkout, central air conditioning, a fireplace and an attached garage ranging in size from 440 to 600 square feet of building area. The comparables have improvement assessments ranging from \$126,640 to \$140,886 or from \$55.40 to \$57.45 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity with respect to the subject's improvement as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their dissimilar two-story style, when compared to the subject. The Board finds the board of review's comparables are similar to the subject in location, style, age, size and features. These comparables have improvement assessments ranging from \$126,640 to \$140,886 or from \$55.40 to \$57.45 per square foot of living area. The subject's improvement assessment of \$119,918 or \$50.83 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
