

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Daly
DOCKET NO.: 19-08630.001-R-1
PARCEL NO.: 14-05-403-001

The parties of record before the Property Tax Appeal Board are Brian Daly, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,629
IMPR.: \$133,561
TOTAL: \$166,190

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick construction with 2,878 square feet of living area. The dwelling was built in 1995 and is approximately 24 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and an attached garage with 640 square feet of building area. The property has a site with 43,149 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 2,752 to 3,453 square feet of living area. The dwellings range in age from 28 to 33 years old. Each comparable has an unfinished basement, central air conditioning, and an attached garage ranging in size from 714 to 1,394 square feet of building area. Three

comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property and are located from .05 to .55 of one mile from the subject property. The improvement assessments on these properties range from \$102,392 to \$138,955 or from \$37.21 to \$40.33 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$113,055.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,190. The subject property has an improvement assessment of \$133,561 or \$46.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a uniformity grid analysis containing information on seven equity comparables improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 2,757 to 3,157 square feet of living area. The dwellings were built from 1989 to 1995. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 552 to 946 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .25 to .61 of one mile from the subject property. The improvement assessments on these properties range from \$134,044 to \$148,916 or from \$46.49 to \$48.62 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven comparables submitted by the parties to support their respective contentions of the correct assessment. The comparables submitted by the parties are similar to the subject in location as well as being improved with dwellings similar to the subject dwelling in style and age. The Board gives less weight to appellant's comparables #1 and #4 due to differences from the subject dwelling in size. The Board finds the best comparables to be appellant's comparables #2 and #3 as well as the comparables submitted by the board of review. These comparables have improvement assessments that range from \$102,392 to \$148,916 or from \$37.21 to \$48.62 per square foot of living area. The subject's improvement assessment of \$133,561 or \$46.41 per square foot of living area is within the range established by the best comparables in this record and is below each comparable presented by the board of review. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
