

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shanna Donica
DOCKET NO.: 19-08631.001-R-1
PARCEL NO.: 14-22-201-103

The parties of record before the Property Tax Appeal Board are Shanna Donica, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,052
IMPR.: \$155,250
TOTAL: \$205,302

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame construction with 3,262 square feet of living area. The dwelling was built in 1994 and is approximately 25 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, 3½ bathrooms, and an attached garage with 882 square feet of building area. The property has a site with approximately 19,830 square feet of land area and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 3,010 to 3,509 square feet of living area. The dwellings range in age from 25 to 28 years old. Each comparable has an unfinished full basement, central air conditioning, one

fireplace, 2½ bathrooms, and an attached garage ranging in size from 440 to 735 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located within .57 of one mile from the subject property. The improvement assessments on these properties range from \$132,352 to \$154,730 or from \$43.65 to \$44.10 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$143,169.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,302. The subject property has an improvement assessment of \$155,250 or \$47.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a uniformity grid analysis containing information on five equity comparables improved with two-story dwellings of brick or frame exterior construction ranging in size from 3,250 to 3,286 square feet of living area. The dwellings were built from 1994 to 2000. Each comparable has an unfinished basement, central air conditioning, one fireplace, 2½ or 3½ bathrooms, and an attached garage ranging in size from 560 to 748 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located within .63 of one mile from the subject property. The improvement assessments on these properties range from \$147,640 to \$160,723 or from \$45.42 to \$49.30 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables similar to the subject property in location as well as being improved with dwellings similar to the subject in age and style. The Board finds, however, that the comparables provided by the board of review are overall more similar to the subject property in dwelling size and relative features than are the comparables provided by the appellant, therefore, the board of review comparables are given most weight. The Board finds that each of the board of review comparables has a smaller garage than the subject and two comparables have one less bathroom than the subject, suggesting each comparable would require an upward adjustment to make them more equivalent to the subject property. The board of review comparables have improvement assessments that range from \$147,640 to \$160,723 or from \$45.42 to \$49.30 per square foot of living area. The subject's improvement assessment of \$155,250 or \$47.59 per square foot of living area falls within the range established by the best comparables in this record and well supported after considering possible adjustments to the comparables for differing amenities. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
