

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Burchill
DOCKET NO.: 19-08664.001-R-1
PARCEL NO.: 14-15-409-055

The parties of record before the Property Tax Appeal Board are Jeffrey Burchill, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,230
IMPR.: \$284,045
TOTAL: \$345,275

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,407 square feet of living area. The dwelling was constructed in 2016 and is approximately 3 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 765 square foot garage. The property has an approximately 23,744 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 3,829 to 3,956 square feet of living area. The dwellings are either 2 or 4 years old. Each home has a basement, one of which is a walkout basement, central

air conditioning, and a garage ranging in size from 765 to 925 square feet of building area. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$238,989 to \$242,374 or from \$61.27 to \$62.42 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$271,867 or \$61.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$345,275. The subject property has an improvement assessment of \$284,045 or \$64.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,763 to 4,171 square feet of living area. The dwellings were built from 2012 to 2017. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 764 to 998 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$250,995 to \$265,268 or from \$62.53 to \$68.17 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4, which has a walkout basement that is not a feature of the subject, and the board of review's comparable #3, which is a much smaller home than the subject dwelling and has an inground swimming pool that is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 and the board of review's comparables #1, #2, #4, and #5, which are relatively similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$240,318 to \$265,268 or from \$61.27 to \$63.60 per square foot of living area. The subject's improvement assessment of \$284,045 or \$64.45 per square foot of living area falls above the range established by the best comparables in this record, which appears to be justified given the subject's larger dwelling size when compared to the best

comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
