

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jody Kurtzhalts
DOCKET NO.: 19-08678.001-R-1
PARCEL NO.: 10-15-303-027

The parties of record before the Property Tax Appeal Board are Jody Kurtzhalts, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,385
IMPR.: \$146,323
TOTAL: \$198,708

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,919 square feet of living area. The dwelling was constructed in 1999 and is approximately 20 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and an 814 square foot garage. The property has a 20,473 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The comparables are located from 0.10 to 0.57 of a mile from the subject property and within the same assessment neighborhood code as the subject. The parcels range in size from 13,568 to 23,470 square feet of land area and are improved with two-story homes of dryvit or wood siding exterior construction ranging in size from 3,103 to 5,505 square feet of living area. The dwellings are 21 or 25 years old. Each home

has a basement with finished area, central air conditioning, one to three fireplaces, and a garage ranging in size from 713 to 1,213 square feet of living area. The comparables sold from March 2017 to November 2018 for prices ranging from \$440,000 to \$725,000 or from \$131.70 to \$141.80 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$176,559 which would reflect a market value of \$529,730 or \$135.17 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$198,708. The subject's assessment reflects a market value of \$604,159 or \$154.16 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales where comparable #2 is the same property as the appellant's comparable #2 but the parties have reported different sales.¹ The comparables are located from 0.10 to 0.53 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The parcels range in size from 14,370 to 18,300 square feet of land area and are improved with one-story or two-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,694 to 3,891 square feet of living area. The dwellings were built from 1994 to 1999. Each home has a basement with a recreation room, central air conditioning, one or two fireplaces, and a garage ranging in size from 632 to 864 square feet of building area. The comparables sold from October 2018 to May 2020 for prices ranging from \$489,000 to \$799,900 or from \$131.70 to \$216.54 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's comparable #2, which sold less proximate in time to the January 1, 2019 assessment date. The Board gives less weight to the board of review's comparable #1, which is a one-story home compared to the subject's two-story dwelling.

¹ The appellant reported a March 2017 sale of this property whereas the board of review reported a May 2020 sale of this property.

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparable #3, which have varying degrees of similarity to the subject; however, one of these comparables is a significantly larger home than the subject and both comparables have finished basement area which is not a feature of the subject. These comparables sold in November 2018 and August 2019 for prices of \$725,000 and \$799,900 or for \$131.70 and \$215.54 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$604,159 or \$154.16 per square foot of living area, including land, which is below the range established by the best comparable sales in terms of total market value and within the range on a per square foot basis. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
