

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Schall  
DOCKET NO.: 19-08684.001-R-1  
PARCEL NO.: 10-35-202-004

The parties of record before the Property Tax Appeal Board are Mark Schall, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,386  
**IMPR.:** \$107,503  
**TOTAL:** \$137,889

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of wood siding exterior construction with 3,099 square feet of living area. The dwelling was built in 1988 and is approximately 31 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 876 square feet of building area. The property has a site with approximately 40,590 square feet of land area and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables improved with two-story dwellings of brick exterior construction ranging in size from 2,837 to 3,533 square feet of living area. The dwellings range in age from 32 to 55 years old. Each comparable has an unfinished basement, central air conditioning, and an attached

garage ranging in size from 504 to 748 square feet of building area. Comparables #2 and #3 have one fireplace and comparable #2 also has a detached garage. The comparables have the same assessment neighborhood code as the subject property. The improvement assessments on these properties range from \$84,308 to \$105,483 or from \$28.06 to \$29.86 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$90,532.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,889. The subject property has an improvement assessment of \$107,503 or \$34.69 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a uniformity grid analysis containing information on five equity comparables improved with two-story dwellings of wood siding, stucco, brick or brick and wood siding exterior construction ranging in size from 3,047 to 3,100 square feet of living area. The dwellings were built from 1970 to 1988. Each comparable has a full or partial basement with one having a recreation room, central air conditioning, and an attached garage ranging in size from 720 to 736 square feet of building area. Four comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property. The improvement assessments on these properties range from \$86,670 to \$107,792 or from \$28.06 to \$35.38 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions. The Board gives less weight to the comparables provided by the appellant due to differences from the subject dwelling in age, size and/or features. The Board gives less weight to board of review comparable #4 due to differences from the subject dwelling in age and the lack of a fireplace. The Board gives most weight to the board of review comparables #1, #2, #3 and #5 as they are similar to the subject dwelling in style, age, size and most features. These board of review comparables have improvement assessments that range from \$95,422 to \$107,792 or from \$30.78 to \$35.38 per square foot of living area. The subject's improvement assessment of \$107,503 or \$34.69 per square foot of living area is within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
