

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roula Jajeh
DOCKET NO.: 19-08735.001-R-1
PARCEL NO.: 12-30-302-003

The parties of record before the Property Tax Appeal Board are Roula Jajeh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$130,650
IMPR.: \$528,026
TOTAL: \$658,676

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,868 square feet of living area. The dwelling was constructed in 1997 and is approximately 22 years old. Features of the home include a basement with 1,647 square feet of finished area, central air conditioning, three fireplaces, and a garage containing 1,122 square feet of building area. The property has an approximately 54,920 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of two-story dwellings of brick exterior construction that are 20 to 25 years old. The homes range in size from 5,024 to 6,880 square feet of living area. Each dwelling has central air

conditioning, two to five fireplaces, and a garage ranging in size from 598 to 988 square feet of building area. Each dwelling has a basement with comparables #3 and #4 having 1,771 and 1,480 square feet of finished area, respectively. The comparables have improvement assessments ranging from \$401,363 to \$535,231 or from \$77.80 to \$81.50 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$465,215 or \$79.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$658,676. The subject property has an improvement assessment of \$528,026 or \$89.98 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of two-story dwellings of brick, stone, or brick and stone exterior construction that were built from 2000 to 2009. The homes range in size from 5,238 to 6,026 square feet of living area. Each dwelling has central air conditioning, four to six fireplaces, a garage ranging in size from 639 to 1,252 square feet of building area, and a basement with 2,080 to 3,184 square feet of finished area. Comparable #4 features an unfinished attic and an inground swimming pool. The comparables have improvement assessments ranging from \$504,347 to \$535,991 or from \$86.77 to \$100.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #2 due to their larger dwelling size and unfinished basements. The Board has also given reduced weight to board of review comparables #1, #3, and #4 due to their dissimilar age or inground swimming pool.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 along with board of review comparables #2 and #5. The Board finds these comparables more similar to the subject in dwelling size, age, and features. These comparables had improvement assessments that ranged from \$401,363 to \$526,035 or from \$79.89 to \$94.70 per square foot of living area. The subject's improvement assessment of \$528,026 or \$89.98 per square foot of living area falls within the range established by the best comparables in this record on a per-square-foot basis. While the overall assessment of \$528,026 falls slightly above the range established by the best comparables in the record, the Board finds this to be supported by the subject's superior dwelling size and/or other features when compared to the comparables. Based

on this record and after considering adjustments to the best comparables for differences, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
