

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Wachs
DOCKET NO.: 19-08752.001-R-1
PARCEL NO.: 12-09-301-011

The parties of record before the Property Tax Appeal Board are Edward Wachs, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$241,781
IMPR.: \$263,924
TOTAL: \$505,705

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 5,390 square feet of living area. The dwelling was constructed in 1978 and is 41 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, an inground swimming pool and a 1,019 square foot attached garage. The property has an approximately 172,497 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of wood siding or brick exterior construction ranging in size from 3,872 to 5,206 square feet of living area. The dwellings are 29 to 79 years old. Each comparable has an unfinished basement, two or three fireplaces, and an attached or detached garage ranging

in size from 494 to 768 square feet of building area. The comparables have improvement assessments ranging from \$152,981 to \$217,779 or from \$36.23 to \$45.31 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$505,705. The subject property has an improvement assessment of \$263,924 or \$48.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are described as 1-story or 2-story dwellings of wood siding or brick exterior construction ranging in size from 4,322 to 4,563 square feet of living area. The dwellings were constructed from 1965 to 1977. Each comparable is reported to have a basement, one of which is finished with a recreation room, central air conditioning, one to three fireplaces, and an attached garage ranging in size from 730 to 950 square feet of building area. Comparables #1 and #2 also have detached garages with 1,525 and 814 square feet of building area, respectively. The comparables have improvement assessments ranging from \$233,771 to \$256,751 or from \$53.37 to \$56.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board finds neither party's comparables are truly similar to the subject due to differences in style, age, dwelling size, and/or some features. Nevertheless, these comparables have improvement assessments ranging from \$152,981 to \$256,751 or from \$36.23 to \$56.27 per square foot of living area. The subject's improvement assessment of \$263,924 or \$48.97 per square foot of living area, is within the range established by the comparables on a square foot basis but above on an overall basis which is justified due to subject's larger dwelling size and an inground swimming pool, not a feature of the comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
