

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Engelman
DOCKET NO.: 19-08777.001-R-1
PARCEL NO.: 16-36-210-021

The parties of record before the Property Tax Appeal Board are Chris Engelman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$103,455
IMPR.: \$145,929
TOTAL: \$249,384

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction with 4,074 square feet of living area. The dwelling was built in 1963 and is approximately 56 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces and an attached garage with 575 square feet of building area. The property has a 13,260 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exteriors ranging in size from 3,059 to 3,828 square feet of living area. The homes range in age from 83 to 97 years old. Each comparable has a full basement with one having finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 418 to 644 square feet of building

area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .11 to .51 of one mile from the subject property. The comparables have improvement assessments that range from \$100,048 to \$122,192 or from \$30.72 to \$33.00 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$130,673.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,384. The subject property has an improvement assessment of \$145,929 or \$35.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick, brick and wood siding or stone and wood siding exterior construction that range in size from 3,934 to 4,410 square feet of living area. The homes were built from 1951 to 1968 but have effective dates of construction from 1962 to 1978. Each comparable has a full basement with three having recreation rooms ranging in size from 669 to 1,188 square feet. Each property has central air conditioning, one or two fireplaces, and an attached garage ranging in size from 399 to 600 square feet of building area. Comparables #4 and #5 have inground swimming pools. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .24 to .53 of one mile from the subject property. These properties have improvement assessments ranging from \$136,515 to \$169,646 or from \$34.66 to \$39.20 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review as these properties are more similar to the subject in location as well as being improved with dwellings more similar to the subject dwelling in age, size and features, with the exception three comparables have finished basement and two comparables have inground swimming pools., than are the appellant's comparables. These comparables have improvement assessments that range from \$136,515 to \$169,646 or from \$34.66 to \$39.20 per square foot of living area. The subject's improvement assessment of \$145,929 or \$35.82 per square foot of living area falls within the range established by the best comparables in this record. Less weight is given the appellant's comparables due to differences from the subject dwelling in age and size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
