

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matt Krawiec
DOCKET NO.: 19-08787.001-R-1
PARCEL NO.: 12-18-313-010

The parties of record before the Property Tax Appeal Board are Matt Krawiec, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,887
IMPR.: \$113,147
TOTAL: \$141,034

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,114 square feet of living area. The dwelling was constructed in 1966 and is approximately 53 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 728 square foot garage. The property has a 16,220 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .61 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 1,879 to 2,526 square feet of living area. The dwellings range in age from 33 to 61 years old. Each comparable has a basement, one of

which has finished area. Each comparable has central air conditioning and a garage ranging in size from 400 to 580 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$87,862 to \$127,060 or from \$41.00 to \$50.30 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$97,244 or \$46.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,034. The subject property has an improvement assessment of \$113,147 or \$53.52 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .54 of a mile from the subject property. The comparables are improved with 1.75-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,970 to 2,016 square feet of living area. The dwellings were built from 1967 to 1971. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 440 to 660 square feet of building area. Comparable #3 has a clay tennis court. The comparables have improvement assessments that range from \$105,018 to \$108,560 or from \$53.31 to \$54.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board has given reduced weight to the appellant's comparables which differ from the subject in age and/or dwelling size. Furthermore, the appellant's comparable #2 has a finished basement in contrast to the subject's unfinished basement. The Board has given reduced weight to board of review comparable #3 as it has a clay tennis court, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2, which are relatively similar to the subject in location, dwelling size, design, age and some features. These two comparables have improvement assessments of \$107,547 and \$108,560 or \$53.35 and \$54.58 per square foot of living area. The subject's improvement assessment of \$113,147 or \$53.52 per square foot of living area is greater than the two best comparables in the record in terms of overall improvement assessment but falls between the best comparables in the record on a square foot basis. The subject's higher overall improvement assessment appears to be logical given its larger dwelling size and larger garage size. Based on this record and after considering adjustments to the comparables for differences when compared

to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
