

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Kilburg, Jr.
DOCKET NO.: 19-08789.001-R-1
PARCEL NO.: 12-31-101-005

The parties of record before the Property Tax Appeal Board are Robert Kilburg, Jr., the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$101,959
IMPR.: \$175,229
TOTAL: \$277,188

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,597 square feet of living area. The dwelling was constructed in 1968 and is approximately 51 years old. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 529 square foot garage. The property has a 32,850 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located from .42 to 1.04 miles from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction with 2,938 or 4,048 square feet of living area. The dwellings range in age from 40 to 58 years old. Each comparable has an unfinished basement,

central air conditioning, one or two fireplaces and a garage ranging in size from 552 to 713 square feet of building area. The comparables have improvement assessments that range from \$54,363 to \$175,675 or from \$18.50 to \$45.16 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$128,412 or \$35.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$277,188. The subject property has an improvement assessment of \$175,229 or \$48.72 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from .06 to .88 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,308 to 3,648 square feet of living area. The dwellings were built from 1967 to 1971 with comparables #2 and #5 having reported effective ages of 1971 and 1975, respectively. The comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 552 to 956 square feet of building area. Comparable #4 has a greenhouse of wood frame and glass walls. The comparables have improvement assessments that range from \$168,353 to \$189,440 or from \$48.21 to \$52.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their dissimilar dwelling sizes when compared to the subject. The Board has given reduced weight to board of review comparable #4 as it has a greenhouse, not a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, #3 and #5, which are overall more similar to the subject in location, dwelling size, design, age and some features. However, the Board finds none of the comparables have a basement recreation room, like the subject, suggesting an upward adjustment for this feature would be required to make the comparables more equivalent to the subject. The comparables have improvement assessments that range from \$168,353 to \$189,440 or from \$48.21 to \$51.89 per square foot of living area. The subject's improvement assessment of \$175,229 or \$48.72 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when

compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
