

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mahmoud Lotfi  
DOCKET NO.: 19-08999.001-R-1  
PARCEL NO.: 06-24-208-009

The parties of record before the Property Tax Appeal Board are Mahmoud Lotfi, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$59,490  
**IMPR.:** \$141,250  
**TOTAL:** \$200,740

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,843 square feet of living area. The dwelling was constructed in 1979. Features of the home include a basement with finished area, central air conditioning, a fireplace and a two-car garage with 462 square feet of building area. The property has a 16,055 square foot site and is located in Oak Brook, York Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three suggested equity comparables located in the same neighborhood code as the subject property. The appellant reported that the comparables were improved with two-story dwellings of masonry exterior construction ranging in size from 3,194 to 3,524 square feet of living area. The dwellings were built in 1981 or 1986. Each comparable has an unfinished basement, central air

conditioning, one or two fireplaces and a two-car or a three-car garage ranging in size from 550 to 897 square feet of building area.<sup>1</sup> The comparables have improvement assessments ranging from \$145,020 to \$161,610 or from \$45.40 to \$46.53 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$130,550 or \$45.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,740. The subject property has an improvement assessment of \$141,250 or \$49.68 per square foot of living area. In support of its contention of the correct assessment the board of review through the township assessor submitted property record cards and a grid analysis on five suggested equity comparables located in the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of brick, masonry or stone exterior construction ranging in size from 2,641 to 2,986 square feet of living area. The dwellings were built from 1978 to 1980. Each comparable has a basement with one comparable having finished area, central air conditioning, a fireplace and a two-car or three-car garage ranging in size from 550 to 925 square feet of building area. The comparables have improvement assessments ranging from \$132,860 to \$148,940 or from \$48.86 to \$50.31 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with the board of review comparables #3 and #5 based on their larger or smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #4. These comparables are similar when compared to the subject in location, age, dwelling size, and some features. These comparables had improvement assessments that ranged from \$137,450 to \$148,940 or from \$48.86 to \$49.88 per square foot of living area. The subject's improvement assessment of \$141,250 or \$49.68 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
