

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Foster
DOCKET NO.: 19-20037.001-R-1
PARCEL NO.: 11-19-207-015-0000

The parties of record before the Property Tax Appeal Board are David Foster, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,300
IMPR.: \$70,225
TOTAL: \$85,525

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 2,857 square feet of living area. The dwelling is 99 years old. Features of the home include a full unfinished basement, central air conditioning and two fireplaces. The property has an 8,500 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of frame or masonry construction that range in size from 2,362 to 3,203 square feet of living area. The homes range in age from 93 to 136 years old. Three comparables have full or partial basements, one of which has finished area, one

comparable has central air conditioning, one comparable has a fireplace and three comparables have a garage ranging in size from a 2-car to a 3.5-car. The comparables have improvement assessments ranging from \$36,500 to \$66,171 or from \$14.86 to \$21.03 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$59,025 or \$20.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The subject has a total assessment of \$85,525. The subject property has an improvement assessment of \$70,225 or \$24.58 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two comparable properties that are located within the same neighborhood code and on the same block as the subject. The comparables are two-story dwellings of frame construction containing 2,934 or 3,574 square feet of living area. The homes are 148 and 138 years old, respectively. The comparables have full basements, one of which has finished area, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments of \$60,119 and \$63,625 or \$20.49 and \$17.80 per square foot of living area, respectively.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4, due to their lack of a basement foundation when compared to the subject. The Board finds the remaining comparables are similar to the subject in location and style. However, the best comparables are significantly older than the subject and differ considerably in size. In addition, three of the parties' best comparables have a garage, unlike the subject and only three have central air conditioning, like the subject. Nevertheless, the best comparables have improvement assessments ranging from \$36,500 to \$66,171 or from \$14.86 to \$21.03 per square foot of living area. The subject's improvement assessment of \$70,225 or \$24.58 per square foot of living area falls above the range established by the best comparables in the record. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their older age, the Board finds the subject's higher improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted. appearance

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
