

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Monroe Group, LLC  
DOCKET NO.: 19-20219.001-R-1  
PARCEL NO.: 10-24-409-020-0000

The parties of record before the Property Tax Appeal Board are Monroe Group, LLC, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,166  
**IMPR.:** \$47,050  
**TOTAL:** \$52,216

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story building of masonry exterior construction with 4,476 square feet of building area. The building is 89 years old and has a full unfinished basement. The subject also has a detached 2-car garage. The property has a 4,305 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story or three-story, class 2-11, buildings of masonry exterior construction that range in size from 4,037 to 4,838 square feet of building area. The buildings range in age from 57 to 62 years old and have full or partial basement apartments. Two comparables have

central air conditioning. The comparables have improvement assessments ranging from \$15,346 to \$41,357 or from \$3.32 to \$9.83 per square foot of building area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$42,387 or \$9.47 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,216. The subject property has an improvement assessment of \$47,050 or \$10.51 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story, class 2-11, buildings of stucco or masonry exterior construction that range in size from 3,645 to 5,521 square feet of building area. The buildings range in age from 61 to 131 years old. Each of the comparables has a full or partial basement, two of which have finished area, with one being an apartment. Three comparables have central air conditioning and three comparables have either a 2-car or a 4-car garage. The comparables have improvement assessments ranging from \$38,784 to \$61,283 or from \$10.56 to \$11.10 per square foot of building area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board finds the parties' comparables are similar to the subject in location, age and some features. However, based on the photographs of the comparables in the record, the Board finds that none of the parties' comparables are similar to the subject in style. Furthermore, all of the appellant's comparables lack a garage, unlike the subject, and all of the board of review's comparables differ considerably from the subject in size. Nevertheless, the parties' comparables have improvement assessments ranging from \$15,346 to \$61,283 or from \$3.32 to \$11.10 per square foot of building area. The subject's improvement assessment of \$47,050 or \$10.51 per square foot of building area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, such as their size and features, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
