

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Imtiyaz Patel  
DOCKET NO.: 19-20223.001-R-1  
PARCEL NO.: 12-11-414-027-0000

The parties of record before the Property Tax Appeal Board are Imtiyaz Patel, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,840  
**IMPR.:** \$30,765  
**TOTAL:** \$38,605

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction with 1,699 square feet of living area. The dwelling is 59 years old and has a full finished basement. The subject also has a 2.5-car detached garage. The property has a 6,818 square foot site and is located in Norridge, Norwood Park Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of frame, masonry or frame and masonry construction that range in size from 1,704 to 1,966 square feet of living area. The homes range in age from 57 to 62 years old. Three comparables have full basements, one of which has finished area, three

comparables have central air conditioning and four comparable each have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$20,269 to \$30,946 or from \$11.69 to \$15.74 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$21,849 or \$12.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,605. The subject property has an improvement assessment of \$30,765 or \$18.11 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of masonry construction that range in size from 1,572 to 1,865 square feet of living area. The homes range in age from 21 to 61 years old and have finished full or partial basements. Each comparable has central air conditioning, three comparables each have a fireplace and three comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$29,108 to \$37,086 or from \$16.84 to \$23.59 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4, as well as the board of review's comparables #2, #3 and #4, due to their differences in features and/or their significantly newer age when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age and features. However, each of the parties' best comparables are larger in size, when compared to the subject. Nevertheless, the parties' best comparables have improvement assessments ranging from \$20,269 to \$30,946 or from \$11.89 to \$16.84 per square foot of living area. The subject's improvement assessment of \$30,765 or \$18.11 per square foot of living area falls within the range established by the best comparables in the record on a total improvement assessment basis but slightly above on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their larger size, the Board finds the subject's slightly higher per square foot improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
