

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathryn Ross  
DOCKET NO.: 19-20373.001-R-1  
PARCEL NO.: 16-05-101-008-0000

The parties of record before the Property Tax Appeal Board are Kathryn Ross, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,125  
**IMPR.:** \$38,598  
**TOTAL:** \$43,723

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story, single-family dwelling of masonry construction with 2,052 square feet of living area. Features of the dwelling include one and one-half baths, a partial finished basement, and air conditioning. The property has a 5,000 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance (hereinafter "Ordinance").

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. In support, the appellant submitted property record cards and assessor printouts for each comparable. The appellant requests that the subject's correct class should be changed from a 2-78 to a 2-05 property and the subject's lack of garage, alley, and location diminishes its value. In support of the class change, the appellant submitted a newspaper article of the subject's permit issuance and

blue permits dated October 20, 1954. Lastly, the appellant also submitted 2019 listing sheet, realtor evaluation letter, photographs of the subject's location and alley. The appellant requested the subject's total assessment be reduced to \$32,490.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,723. The subject has a total improvement assessment of \$38,598 or \$18.81 per square foot of living area. In support of the assessment, the board of review submitted four equity comparables and sale data for comparable #4.

In rebuttal, the appellant distinguished the board of review's comparables based on garage, size, baths, size, and class. The appellant reaffirmed request for a reduction in the subject's assessment.

### **Conclusion of Law**

The Board finds that a class change based on the subject's age is warranted. The appellant's evidence included dated blueprints and issuance of permits that date the subject as 64 years old. The subject meets the criteria for a class change from a class 2-78 to a 2-05 property.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparable #4. These comparables are similar in location, construction, and size. These comparables had improvement assessments that ranged from \$15.65 to \$20.22 per square foot of living area. The subject's improvement assessment of \$18.81 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
