

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alice Barnes
DOCKET NO.: 19-20679.001-R-1
PARCEL NO.: 10-12-306-011-0000

The parties of record before the Property Tax Appeal Board are Alice Barnes, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,100
IMPR.: \$30,996
TOTAL: \$39,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 924 square feet of living area. The dwelling is approximately 109 years old and has a full unfinished basement. Features of the home include a fireplace and a 1-car detached garage. The property has a 5,400 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are class 2-02 dwellings of frame construction that range in size from 900 to 990 square feet of living area. The homes range in age from 74 to 118 years old. Three of the

comparables have full basements, one of which has finished area. Two comparables have central air conditioning, two comparables each have a fireplace and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$15,036 to \$32,560 or from \$16.23 to \$32.88 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$24,948 or \$27.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The subject has a total assessment of \$39,096 and an improvement assessment of \$30,996 or \$33.54 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are class 2-02 dwellings of frame or masonry construction that range in size from 777 to 953 square feet of living area. The homes range in age from 90 to 96 years old and have full or partial basements, one of which has finished area. One of the comparables has a fireplace and each comparable has from a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$25,023 to \$34,714 or from \$31.78 to \$36.43 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2, due to either their lack of a basement foundation or their difference in age, when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, building classification, age, size and many features. The best comparables have improvement assessments ranging from \$25,023 to \$34,714 or from \$31.58 to \$36.43 per square foot of living area. The subject's improvement assessment of \$30,996 or \$33.54 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
