

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Alexander
DOCKET NO.: 19-20685.001-R-1
PARCEL NO.: 11-07-122-008-0000

The parties of record before the Property Tax Appeal Board are Jennifer Alexander, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,394
IMPR.: \$53,211
TOTAL: \$64,605

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story building of masonry exterior construction with 2,525 square feet of building area. The building is 104 years old and has a full unfinished basement. Features of the subject include two fireplaces and a 2-car detached garage. The property has a 6,330 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties, three of which are located within the same neighborhood code as the subject. The comparables are class 2-11 buildings of stucco, frame or masonry exterior construction that range in size from 2,397 to 3,152 square feet of building area. The buildings

range in age from 74 to 121 years old and have full basements, one of which has finished area. One of the comparables has central air conditioning, four comparables have either one or two fireplaces and two comparables have either a 2-car or 4-car garage. The comparables have improvement assessments ranging from \$40,569 to \$59,573 or from \$14.57 to \$18.90 per square foot of building area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$42,723 or \$16.92 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,605. The subject property has an improvement assessment of \$53,211 or \$21.07 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. Comparables #1 and #2 are also located on the same block as the subject. The comparables are class 2-11 buildings of frame or masonry exterior construction that range in size from 1,986 to 3,821 square feet of building area. The buildings range in age from 99 to 126 years old and have unfinished full or partial basements. Two of the comparables each have a fireplace and three comparables have either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$41,845 to \$81,005 or from \$21.07 to \$25.60 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3, due to their locations outside of the subject's neighborhood code. The Board also gives less weight to the board of review's comparable #1 due to its significantly larger size, when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, building classification, age and some features. However, each of the parties' best comparables differ considerably from the subject in size and two lack a garage, unlike the subject. Nevertheless, the best comparables have improvement assessments ranging from \$41,845 to \$76,023 or from \$15.77 to \$25.60 per square foot of building area. The subject's improvement assessment of \$53,211 or \$21.07 per square foot of building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
