

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Esther Klatz  
DOCKET NO.: 19-20700.001-R-1  
PARCEL NO.: 11-19-114-026-0000

The parties of record before the Property Tax Appeal Board are Esther Klatz, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,243  
**IMPR.:** \$53,100  
**TOTAL:** \$62,343

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,655 square feet of living area. The dwelling is approximately 114 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2-car detached garage. The property has a 6,375 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of frame or masonry exterior construction that range in size from 2,304 to 3,037 square feet of living area. The homes range in age from 63 to 124 years old. Three of

the comparables have full unfinished basements, four comparables have central air conditioning, one comparable has a fireplace and one comparable has a 1-car garage.<sup>1</sup> The comparables have improvement assessments ranging from \$42,963 to \$56,475 or from \$16.58 to \$19.09 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$49,383 or \$18.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The subject has a total assessment of \$68,746 and an improvement assessment of \$59,503 or \$22.41 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. Comparables #1, #2 and #3 are also located on the same block as the subject. The comparables are two-story dwellings of stucco, frame or masonry exterior construction that range in size from 2,629 to 2,956 square feet of living area. The homes range in age from 93 to 118 years old and have full or partial basements, one of which has finished area. Two of the comparables have central air conditioning, each comparable has a fireplace and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$46,925 to \$50,864 or from \$17.07 to \$18.55 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record supports a reduction in the subject's assessment.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2, due to their lack of a basement foundation when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and many features. However, each of the appellant's best comparables lack a garage, unlike the subject. Nevertheless, the best comparables have improvement assessments ranging from \$43,111 to \$56,475 or from \$17.07 to \$19.09 per square foot of living area. The subject's improvement assessment of \$59,503 or \$22.41 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported and a reduction in the subject's assessment is warranted.

---

<sup>1</sup> The appellant's supporting documentation reveals that the appellant's comparables #1, #3, #4 and #5 do not have a garage.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
