

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barry Alberts
DOCKET NO.: 19-20726.001-R-1
PARCEL NO.: 11-19-203-005-0000

The parties of record before the Property Tax Appeal Board are Barry Alberts, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,760
IMPR.: \$89,163
TOTAL: \$112,923

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,868 square feet of living area. The dwelling is 77 years old. Features of the home include a full finished basement, central air conditioning, two fireplaces and a 1-car attached garage. The property has a 13,200 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of stucco, frame or masonry exterior construction that range in size from 3,448 to 4,282 square feet of living area. The homes range in age from 103 to 151 years old and

have full basements, two of which have finished area. Three of the comparables have central air conditioning, four comparable each have a fireplace and two comparables each have a 1-car garage. The comparables have improvement assessments ranging from \$73,192 to \$97,610 or from \$19.25 to \$22.80 per square foot of living area.

Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$81,730 or \$21.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,923. The subject property has an improvement assessment of \$89,163 or \$23.05 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. Comparables #1, #2 and #4 are also located on the same block as the subject. The comparables are two-story dwellings of frame, masonry or frame and masonry exterior construction that range in size from 2,889 to 4,509 square feet of living area. The homes range in age from 63 to 79 years old and have partial basements, one of which has finished area. Each comparable has central air conditioning, two or three fireplaces and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$95,117 to \$111,339 or from \$23.97 to \$38.54 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to their lack of a garage and/or significantly older age, when compared to the subject. The Board also gives less weight to the board of review's comparables #2 and #4, due to their differences in size when compared to the subject. The Board finds the board of review's remaining comparables are similar to the subject in location, style, age, size and many features. These comparables have improvement assessments of \$95,117 and \$106,643 or \$24.77 and \$25.83 per square foot of living area. The subject's improvement assessment of \$89,163 or \$23.05 per square foot of living area falls below the improvement assessments of the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
