

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Hislop
DOCKET NO.: 19-20751.001-R-1
PARCEL NO.: 11-19-316-024-0000

The parties of record before the Property Tax Appeal Board are Joseph Hislop, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,200
IMPR.: \$56,714
TOTAL: \$69,914

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 2,600 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and a 2-car detached garage. The property has an 8,250 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of frame or masonry construction that range in size from 2,652 to 3,008 square feet of living area. The homes range in age from 106 to 131 years old. One of the

comparables has a full unfinished basement, four comparables have central air conditioning, one comparable has two fireplaces and one comparable has a 2-car garage.¹ The comparables have improvement assessments ranging from \$28,252 to \$59,766 or from \$10.65 to \$19.87 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$34,294 or \$13.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,914. The subject property has an improvement assessment of \$56,714 or \$21.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of masonry or frame and masonry construction that range in size from 2,411 to 2,610 square feet of living area. The homes are either 95 or 97 years old and have full unfinished basements. Two of the comparables have central air conditioning, three comparables each have a fireplace and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$55,194 to \$58,787 or \$22.52 and \$22.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board finds five of the comparables submitted by the parties have basement foundations, unlike the subject's slab foundation. Nevertheless, the Board gives less weight to the appellant's comparables due to their considerably older age and/or their lack of a garage, when compared to the subject. The Board finds the board of review's comparables are similar to the subject in location, style, age, size and many features. However, each of the best comparables has a basement foundation, unlike the subject. Nevertheless, the best comparables have improvement assessments ranging from \$55,194 to \$58,787 or \$22.52 and \$22.89 per square foot of living area. The subject's total improvement assessment of \$56,714 or \$21.81 per square foot of living area falls within the range established by the best comparables in the record on a total improvement assessment basis but below the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their basement foundation, the Board finds the subject's lower per square foot improvement assessment is justified and a reduction in the subject's assessment is not warranted.

¹ The appellant's supporting documentation reveals that the appellant's comparables #1, #2, #3 and #5 do not have a garage.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
