

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Bleier
DOCKET NO.: 19-20989.001-R-1
PARCEL NO.: 05-32-103-030-0000

The parties of record before the Property Tax Appeal Board are Susan Bleier, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,167
IMPR.: \$44,198
TOTAL: \$55,365

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 2,009 square feet of living area. The dwelling is 56 years old. Features of the home include a finished partial basement, central air conditioning, a fireplace and a 2-car garage. The property has an 8,934 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are one-story dwellings of frame, masonry or frame and masonry construction that range in size from 2,029 to 2,195 square feet of living area. The homes range in age from 62 to

66 years old and have full or partial basements, two of which have finished area. Three comparables have central air conditioning, four comparables have a fireplace and four comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,475 to \$45,082 or from \$19.95 to \$20.90 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$40,963 or \$20.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,365. The subject property has an improvement assessment of \$44,198 or \$22.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. Comparable #3 is also located on the same block as the subject. The comparables are one-story dwellings of masonry or frame and masonry construction that range in size from 1,333 to 2,065 square feet of living area. The homes range in age from 40 to 66 years old and have full or partial basements, two of which have finished area. Each comparable has central air conditioning and a garage ranging in size from a 1-car to a 2.5-car. One comparable has a fireplace. The comparables have improvement assessments ranging from \$33,636 to \$49,613 or from \$23.84 to \$25.38 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the board of review's comparables #2 and #4, due to either their significantly smaller size or their newer age when compared to the subject. The Board finds the parties' remaining comparables were more similar to the subject in location, style, age, size and features. These comparables have improvement assessments ranging from \$40,475 to \$49,613 or from \$19.95 to \$24.03 per square foot of living area. The subject's improvement assessment of \$44,198 or \$22.00 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
