

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tobe Daniels
DOCKET NO.: 19-21178.001-R-1
PARCEL NO.: 16-17-325-023-0000

The parties of record before the Property Tax Appeal Board are Tobe Daniels, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,913
IMPR.: \$17,989
TOTAL: \$20,902

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of stucco exterior construction with 1,175 square feet of living area. The dwelling is approximately 92 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 3,150 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-03, one-story or 1.5 to 1.9-story dwellings of frame or masonry exterior construction ranging in size from 1,272 to 1,711 square feet of living area. The dwellings are 98 or 104 years old. Each comparable has a full basement, one of which has finished area. Three comparables each have central air conditioning. The comparables have

improvement assessments that range from \$10,004 to \$19,083 or from \$7.25 to \$11.61 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$13,101 or \$11.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,902. The subject property has an improvement assessment of \$17,989 or \$15.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .25 of a mile from the subject property. The comparables are improved with class 2-03, one-story dwellings of stucco exterior construction ranging in size from 1,054 to 1,133 square feet of living area. The dwellings are 94 to 98 years old. Each comparable has an unfinished full or partial basement and a two-car garage. Comparable #3 has central air conditioning. The comparables have improvement assessments that range from \$18,555 to \$19,738 or from \$16.84 to \$17.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given less weight to the appellant's comparables due to differences from the subject in dwelling size, design, age and/or features as none of the comparables are described as having a garage as does the subject property. The Board has given reduced weight to board of review comparable #3 as it has central air conditioning, not a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4. These comparables are similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments that range from \$18,555 to \$19,738 or \$17.42 and \$17.60 per square foot of living area. The subject's improvement assessment of \$17,989 or \$15.31 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
