

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Kirk
DOCKET NO.: 19-21182.001-R-1
PARCEL NO.: 16-06-209-002-0000

The parties of record before the Property Tax Appeal Board are Anthony Kirk, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,440
IMPR.: \$51,030
TOTAL: \$58,470

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,921 square feet of living area. The dwelling is approximately 90 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a two-car garage. The property has a 6,200 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with class 2-06 two-story dwellings of masonry exterior construction ranging in size from 2,842 to 3,378 square feet of living area. The dwellings are 76 to 88 years old. Each comparable has a full or partial basement, three of which have finished area. Three comparables

have central air conditioning and each comparable has one or two fireplaces. The comparables have improvement assessments that range from \$38,560 to \$49,690 or from \$13.57 to \$14.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$42,851 or \$14.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,470. The subject property has an improvement assessment of \$51,030 or \$17.47 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same neighborhood code as the subject and are located within the same block or within .25 of a mile from the subject property. The comparables are improved with class 2-06 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,248 to 3,053 square feet of living area. The dwellings are 80 to 90 years old. The comparables each have an unfinished full or partial basement, central air conditioning, one or two fireplaces and a two-car garage. The comparables have improvement assessments that range from \$37,766 to \$51,260 or from \$16.79 to \$17.39 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given less weight to the appellant's comparables due to differences from the subject in dwelling size, age and/or features as none of the comparables are described as having a garage as does the subject property. The Board has given reduced weight to board of review comparables #1 and #4 due to their smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3, which are similar to the subject in location, dwelling size, design, age and some features, except both comparables have an unfinished basement when compared to the subject's finished basement, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments of \$49,231 and \$51,260 or \$16.69 and \$17.39 per square foot of living area. The subject's improvement assessment of \$51,030 or \$17.47 per square foot of living area is bracketed by the two best comparables in the record in terms of overall improvement assessment but falls above the comparables on a square foot basis, which appears logical given the subject has a finished

basement. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
