

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gina Pistorio
DOCKET NO.: 19-21427.001-R-1
PARCEL NO.: 05-21-101-006-0000

The parties of record before the Property Tax Appeal Board are Gina Pistorio, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,687
IMPR.: \$79,407
TOTAL: \$99,094

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,327 square feet of living area. The dwelling is approximately 96 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 1.5-car garage. The property has an 8,750 square foot site located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,348 to 3,818 square feet of living area. The comparables range in age from 96 to 111

years old. Each comparable has a partial or a full unfinished basement, one or two fireplaces and a 1-car or a 2-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$37,685 to \$79,112 or from \$16.05 to \$20.72 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$60,851 or \$18.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,094. The subject property has an improvement assessment of \$79,407 or \$23.87 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,866 to 3,361 square feet of living area. The dwellings range in age from 77 to 116 years old. Each comparable has a partial or a full unfinished basement, one fireplace and a 2-car or a 3-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$73,453 to \$83,335 or from \$23.99 to \$25.74 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #4 due to their dissimilar dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2 and #3 as they are most similar to the subject in location, design, exterior construction, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$73,453 to \$83,335 or from \$23.99 to \$24.79 per square foot of living area. The subject's improvement assessment of \$79,407 or \$23.87 per square foot of living area falls below the range established by the comparables in this record on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
