

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohanbir Sawhney  
DOCKET NO.: 19-21586.001-R-1  
PARCEL NO.: 10-13-225-016-0000

The parties of record before the Property Tax Appeal Board are Mohanbir Sawhney, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,620  
**IMPR.:** \$115,050  
**TOTAL:** \$137,670

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 6,136 square feet of living area. The dwelling is approximately 121 years old. Features of the property include a slab foundation, and four fireplaces. The property has a 15,600 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted a grid with limited information listing four suggested equity comparables. They were improved a single-family dwelling of stucco construction. The improvements were located with the same neighborhood code and ranged: in age from 109 to 126 years; in size from 5029 to 6,064 square feet; and in improvement assessment from \$15.00 to \$18.76 per square foot of living area. Amenities include: either an unfinished partial or full

basement, either no garage, a 2.5-car garage or a 3.5-car garage, and either two or three fireplaces.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$154,840. The subject property has an improvement assessment of \$132,220 or \$21.55 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with a two-story, single-family dwelling of masonry construction or frame and masonry construction, two comparables are located with the same neighborhood code as the subject. The improvements ranged: in age from 96 to 109 years; in size from 4,281 to 6,363 square feet of living area; and in assessment from \$22.96 to \$30.11 per square foot. Amenities include: a full unfinished basement in three comparables and one with a full finished basement with a formal recreation room, either no garage, a two-car garage or a 2.5-car garage, either no fireplace, two fireplaces or four fireplaces and two comparables with central air conditioning.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #2, #3, and #4*. These comparables had improvement assessments that ranged from \$18.02 to \$18.76 per square foot of living area. The subject's improvement assessment of \$21.55 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
