

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Simon-Price  
DOCKET NO.: 19-21593.001-R-1  
PARCEL NO.: 16-18-207-025-0000

The parties of record before the Property Tax Appeal Board are Linda Simon-Price, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,804  
**IMPR.:** \$38,732  
**TOTAL:** \$45,536

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,855 square feet of living area. The dwelling is approximately 103 years old. Features of the home include a basement with finished area and a 1.5-car garage. The property has a 7,560 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,946 to 2,126 square feet of living area. The comparables range in age from 88 to 109 years old. Each comparable has an unfinished basement and a 1.5-car or a 2-car

garage. The comparables have improvement assessments ranging from \$34,226 to \$40,288 or from \$17.52 to \$19.00 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$34,540 or \$18.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,536. The subject property has an improvement assessment of \$38,732 or \$20.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story class 2-05 dwellings of masonry exterior construction ranging in size from 1,392 to 1,840 square feet of living area. The comparables range in age from 98 to 106 years old. Each comparable has an unfinished basement and a 2-car garage. Two comparables each have central air conditioning. One comparable has one fireplace. The comparables have improvement assessments ranging from \$32,688 to \$45,427 or from \$22.31 to \$25.96 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives reduced weight to board of review comparables #1, #2, and #3 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #4 which are similar to the subject property in location, age, dwelling size, and some features. However, each comparable lacks basement finish which is a feature of the subject. The comparables have improvement assessments ranging from \$34,226 to \$45,427 or from \$17.52 to \$24.69 per square foot of living area. The subject's improvement assessment of \$38,732 or \$20.88 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject where the subject has a superior feature of finished basement area, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
