

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabeth Sichi  
DOCKET NO.: 19-21817.001-R-1  
PARCEL NO.: 11-30-317-031-0000

The parties of record before the Property Tax Appeal Board are Elizabeth Sichi, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,004  
**IMPR.:** \$31,248  
**TOTAL:** \$39,252

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of frame exterior construction with 2,400 square feet of building area. The building was built in 1917 and is approximately 102 years old. Features of the building include an unfinished basement and a 2-car garage.<sup>1</sup> The property has a 5,520 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story multi-family buildings ranging in size from 2,180 to 2,620 square feet of

building area. The comparables were built from 1908 to 1922. Each comparable is reported to have a basement and at least one garage. The comparables have improvement assessments ranging from \$23,602 to \$30,340 or from \$9.18 to \$11.80 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$22,032 or \$9.18 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,252. The subject property has an improvement assessment of \$31,248 or \$13.02 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 2-story multi-family buildings of frame or masonry exterior construction ranging in size from 2,194 to 2,388 square feet of building area. The comparables are either 105 or 108 years old. Each comparable has a basement with one finished with an apartment and a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$29,192 to \$39,931 or from \$13.31 to \$17.61 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In written rebuttal, the appellant asserted that twelve of sixteen comparables in this record support a reduction in the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted sixteen suggested comparables for the Board's consideration. The Board finds each of the parties' comparables to be similar to the subject in location, design, age, and dwelling size. The comparables in this record have improvement assessments ranging from \$23,666 to \$39,931 or from \$9.18 to \$17.61 per square foot of building area. The subject's improvement assessment of \$31,248 or \$13.02 per square foot of building area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
