

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim Healy
DOCKET NO.: 19-22270.001-R-1
PARCEL NO.: 05-21-311-023-0000

The parties of record before the Property Tax Appeal Board are Jim Healy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,116
IMPR.: \$177,017
TOTAL: \$215,133

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 5,211 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full basement with finished area, central air conditioning, two fireplaces and a four-car garage. The property has a 19,058 square foot site located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-09 dwellings of masonry or frame or masonry exterior construction ranging in size from 5,794 to 7,451 square feet of living area. The dwellings range

in age from 7 to 52 years old. The comparables have partial or full basements, one of which has finished area. Each comparable has central air conditioning, one or five fireplaces and a two-car to a four-car garage. The comparables have improvement assessments ranging from \$150,345 to \$205,697 or from \$21.77 to \$30.71 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$139,134 or \$26.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,133. The subject property has an improvement assessment of \$177,017 or \$33.97 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within different neighborhood codes than the subject. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 5,171 to 5,652 square feet of living area. The dwellings range in age from 4 to 12 years old. The comparables have full basements, three of which have finished area. Each comparable has central air conditioning, two to four fireplaces and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$201,555 to \$438,212 or from \$36.44 to \$81.00 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their dissimilar ages and larger dwelling sizes when compared to the subject, The Board gives less weight to the board of review's comparables as they are located in different neighborhood codes and, additionally, it appears comparable #4 is an outlier with its significantly larger improvement assessment, without explanation, when compared to the subject and the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as it is the only comparable particularly similar to the subject property in location, design, age and dwelling size. This comparable has an improvement assessment of \$177,918 or \$30.71 per square foot of living area. The subject's improvement assessment of \$177,017 or \$33.87 per square foot of living area falls below the assessment of the best comparable in this record on a total basis but above on a per square foot basis. However, the subject's higher per square foot basis is logical given its significantly smaller dwelling size in relation to the best comparable in the record and the well-known real estate principle of economies of scale which states that as the size of a dwelling increases, its price per square foot decreases, and vice versa. Based on this

record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
