

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Anton
DOCKET NO.: 19-22278.001-R-1
PARCEL NO.: 05-20-110-010-0000

The parties of record before the Property Tax Appeal Board are Stephen Anton, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,930
IMPR.: \$86,853
TOTAL: \$102,783

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 118-year-old, two-story, single-family stucco exterior dwelling with 4,058 square feet of living area. Features of the home include a full unfinished basement and a two-car garage. The property has an 8,850 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant supplied information disclosing the total assessment for the subject of \$102,782 and that the subject property has an improvement assessment of \$86,853 or \$21.40 per square foot of living area. The appellant contends assessment inequity in regard to the subject improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables with varying degrees of similarity to the subject. The

comparables have improvement assessments ranging from \$15.35 to \$19.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a total assessment for the subject of \$92,000, an improvement assessment of \$77,840 or \$19.18 per square foot of living area. However, these figures are incorrect. The appellant provided a copy of the final board of review 2019 assessment decision for the subject (PIN 05-20-110-010-0000). The board of review finalized the assessed valuation for the subject property at \$102,782, in 2019, which was the amount provided by the appellant in their appeal. Within the "Board of Review Notes on Appeal," the board of review submitted information on four suggested equity comparables in support of its contention of the correct assessment. The comparables had varying degrees of similarity to the subject and ranged in improvement assessment from \$23.22 to \$33.62 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and the board of review's comparables #1 and #2. Less weight was given the remaining comparables based on their dissimilar age, size when compared to the subject. The most similar comparables had improvement assessments that ranged from \$15.35 to \$26.26 per square foot of living area. The subject's improvement assessment of \$21.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
