

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian & Jennifer Lande
DOCKET NO.: 19-22285.001-R-1
PARCEL NO.: 05-31-406-017-0000

The parties of record before the Property Tax Appeal Board are Brian & Jennifer Lande, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,118
IMPR.: \$26,083
TOTAL: \$32,201

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,214 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a full unfinished basement. The property has a 5,320 square foot site located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction ranging in size from 1,537 to 1,687 square feet of living area. The dwellings range in age from 56 to 71 years old. The comparables have partial or full unfinished basements, two of which have

finished area. Each comparable has central air conditioning and a one-car or a two-car garage. Each comparable each has one fireplace. The comparables have improvement assessments ranging from \$25,585 to \$28,546 or from \$16.38 to \$16.92 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$20,347 or \$16.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,201. The subject property has an improvement assessment of \$26,083 or \$21.49 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,115 to 1,214 square feet of living area. The dwellings range in age from 56 to 64 years old. The comparables have partial or full basements, one of which has finished area. Two comparables have central air conditioning. One comparable has a two-car garage. The comparables have improvement assessments ranging from \$25,638 to \$27,127 or from \$21.76 to \$23.60 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellants' comparables and the board of review's comparables #4 due to their larger dwelling sizes or finished basement area, respectively, when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's remaining comparables #1, #2 and #3 as they are most similar to the subject property in location, design, exterior construction, age, dwelling size, and many features. These comparables have improvement assessments ranging from \$26,316 to \$27,127 or from \$21.76 to \$23.60 per square foot of living area. The subject's improvement assessment of \$26,083 or \$21.49 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
