

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Levin  
DOCKET NO.: 19-22377.001-R-1  
PARCEL NO.: 05-07-303-012-0000

The parties of record before the Property Tax Appeal Board are John Levin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,940  
**IMPR.:** \$145,162  
**TOTAL:** \$178,102

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 4,601 square feet of living area. The dwelling is 7 years old. Features of the home include a full finished basement, central air conditioning, four fireplaces, and a three-car garage. The property has an 18,300 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,324 to 4,932 square feet of living area. The dwellings range in age from 7 to 19

years old and have partial or full basements with two having finished area. Each comparable has central air conditioning, one to three fireplaces, and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$109,863 to \$149,586 or from \$24.85 to \$30.33 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$130,852 or \$28.44 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,102. The subject property has an improvement assessment of \$145,162 or \$31.55 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-08, two-story dwellings of masonry exterior construction ranging in size from 3,985 to 4,920 square feet of living area. The dwellings range in age from 7 to 16 years old and have full basements with three having finished area. Each comparable has central air conditioning, two to four fireplaces, and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$130,708 to \$166,198 or from \$32.80 to \$35.58 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 as well as the board of review comparables #3 and #4 due to their older ages and/or dissimilar foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 as well as the board of review comparables #1 and #2. These comparables received greater weight because they are identical in age to the subject dwelling and also similar to the subject in overall property characteristics. These three comparables have improvement assessments ranging from \$147,044 to \$162,423 or from \$29.92 to \$35.58 per square foot of living area. Additionally, the board of review comparable #2 is nearly identical in every respect to the subject and has an improvement assessment of \$160,868 or \$35.17 per square foot of living area. The subject's improvement assessment of \$145,162 or \$31.55 per square foot of living area falls below the range established by the three best comparables in the record on an overall basis and below the range on a per-square-foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with

clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
