

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Balsam
DOCKET NO.: 19-22708.001-R-1
PARCEL NO.: 05-07-217-039-0000

The parties of record before the Property Tax Appeal Board are Douglas Balsam, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,745
IMPR.: \$162,926
TOTAL: \$201,671

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction with 5,667 square feet of living area. The dwelling is 16 years old and features a full finished basement, central air conditioning, five fireplaces and a 3-car garage. The subject is located in Glencoe, New Trier Township, Cook County. It is classified as a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. The comparables are improved with Class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,322 to 6,134 square feet of living area. The dwellings range in age from 16 to 25 years old. Each comparable has a full basement with two having finished area; central air conditioning; either one, two, four or six fireplaces; and

either a 3-car, a 3.5-car or a 4-car garage. The comparables have improvement assessments ranging from \$132,740 to \$163,531 or from \$24.52 to \$26.66 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$143,035 or \$25.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$201,671. The subject property has an improvement assessment of \$162,926 or \$28.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The comparables are improved with Class 2-09 dwellings of masonry exterior construction ranging in size from 5,043 to 6,696 square feet of living area. The dwellings range in age from 12 to 15 years old. Each comparable has a full finished basement, central air conditioning, three to five fireplaces, and a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$157,845 to \$207,576 or from \$28.92 to \$32.41 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 due to their unfinished basements and the board of review comparables #3 and #4 due to their significantly dissimilar dwelling sizes when compared to the subject property.

The Board finds the best evidence of assessment equity to be both parties remaining comparables. These comparables received greater weight because they are closer in dwelling size and most similar to the subject in location, design, foundation, and most features. These four comparables have improvement assessments ranging from \$24.52 to \$29.13 per square foot of living area. The subject's improvement assessment of \$28.75 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels,

all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
