

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robin Hans  
DOCKET NO.: 19-22737.001-R-1  
PARCEL NO.: 05-08-400-029-0000

The parties of record before the Property Tax Appeal Board are Robin Hans, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$76,002  
**IMPR.:** \$175,758  
**TOTAL:** \$251,760

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of exterior masonry construction with 6,015 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full finished basement, central air conditioning, seven fireplaces and a two-car attached garage. The property has a 28,149 square foot site located in Winnetka, New Trier Township, Cook County. The subject is classified as a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables. The comparables are improved with class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,567 to 6,256 square feet of living area. The dwellings range in age from 19 to 31 years old. Each comparable has a partial or full basement

with three having a finished area and from one to three fireplaces. Six comparables have a garage ranging in size from a two-car to a four-car. The comparables have improvement assessments ranging from \$124,194 to \$175,383 or from \$22.31 to \$27.99 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$157,894 or \$26.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$251,760. The subject property has an improvement assessment of \$175,758 or \$29.22 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. The comparables are improved with class 2-09, two-story or three-story dwellings of masonry exterior construction ranging in size from 5,137 to 5,574 square feet of living area. The dwellings range in age from 10 to 13 years old. Each comparable has a partial or full finished basement, central air conditioning, two to four fireplaces, and a garage ranging from a two-car to a three-car. The comparables have improvement assessments ranging from \$168,546 to \$191,539 or from \$32.27 to \$34.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 because of their older age or unfinished basements when compared to the subject dwelling. The Board also gives less weight to the board of review comparables #1, #2 and #4 due to their dissimilar three-story design or considerably smaller dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables. These three comparables are most similar to the subject in classification and neighborhood codes, design, exterior construction, foundation, and other features. These three comparables have improvement assessments ranging from \$27.84 and \$33.34 per square foot of living area. The subject's improvement assessment of \$29.22 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
