

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth & Lucia Porter  
DOCKET NO.: 19-23512.001-R-1  
PARCEL NO.: 08-11-314-012-0000

The parties of record before the Property Tax Appeal Board are Kenneth & Lucia Porter, the appellants, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,035  
**IMPR.:** \$47,580  
**TOTAL:** \$61,615

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story, single-family dwelling of frame and masonry construction with 3,151 square feet of living area. The building is 52 years old. Features include partial, unfinished basement, central air conditioning, and a two-car garage. The property has a 20,050 square foot site and is located in Mt. Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants assert assessment inequity as a basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" which erroneously discloses the total assessment for the subject as \$59,906. Other evidence indicates that the actual

assessment was \$61,615. The subject property has an improvement assessment of \$47,580 or \$15.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables.

### Conclusion of Law

The taxpayers assert assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4<sup>th</sup> Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). It is recommended that proof of unequal treatment in the assessment process consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the board of review’s suggested comparables one, three, and four. Like the subject property, these comparables are improved with two-story, single-family residences of frame and masonry construction with central air conditioning and two-car garages. The dwellings on these comparables are similar in age and living area size to the subject’s dwelling. These comparables are located within a quarter mile of the subject.

These comparables had improvement assessments that ranged from \$15.17 to \$18.52 per square foot of living area. The subject's improvement assessment of \$14.99 per square foot of living area falls below the range established by the best comparables in this record. Accordingly, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment on this basis is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
