

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Munoz
DOCKET NO.: 19-23637.001-R-1
PARCEL NO.: 14-30-215-037-0000

The parties of record before the Property Tax Appeal Board are Maria Munoz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,500
IMPR.: \$41,324
TOTAL: \$58,824

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story multi-family dwelling of frame exterior construction with 1,420 square feet of living area. The dwelling is approximately 130 years old. Features of the home include a full unfinished basement. The property has a 3,125 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family dwellings of frame exterior construction ranging in size from 1,880 to 2,268 square feet of living area. The dwellings range in age from 110 to 130 years old. Each comparable has an unfinished basement. The comparables have improvement

assessments ranging from \$31,598 to \$40,455 or from \$16.24 to \$18.47 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$24,836 or \$17.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,824. The subject property has an improvement assessment of \$41,324 or \$29.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story class 2-11 multi-family buildings of frame exterior construction with 1,246 or 1,428 square feet of living area. The dwellings range in age from 109 to 125 years old. Each comparable has a basement with one having finished area and a 2-car garage. The comparables have improvement assessments ranging from \$36,896 to \$43,695 or from \$29.61 to \$30.60 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). Based on the record, the Board finds a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in age, dwelling size, and most features, except each comparable has a garage which the subject lacks. The comparables have improvement assessments ranging from \$36,896 to \$43,695 or from \$29.61 to \$30.60 per square foot of living area. The subject's improvement assessment of \$41,324 or \$29.10 falls within the range established by the best comparables in this record on an overall improvement assessment basis but below this range on a per square foot basis which is logical when considering the subject lacks a garage. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
