

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Leavitt  
DOCKET NO.: 19-23648.001-R-1  
PARCEL NO.: 14-28-318-016-0000

The parties of record before the Property Tax Appeal Board are Alan Leavitt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,520  
**IMPR.:** \$82,259  
**TOTAL:** \$99,779

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of masonry exterior construction with 2,292 square feet of living area. The dwelling is approximately 134 years old. Features of the home include a finished basement, central air conditioning, and a fireplace. The property has a 1,460 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-10 townhomes of masonry exterior construction ranging in size from 2,290 to 2,920 square feet of living area. The townhomes range in age from 125 to 130 years old

and have unfinished basements. Two comparables each have central air conditioning, and two comparables each have a two fireplaces. The comparables have improvement assessments ranging from \$70,123 to \$89,790 or from \$30.62 to \$33.65 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$72,336 or \$31.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,779. The subject property has an improvement assessment of \$82,259 or \$35.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. Three comparables are also located within the same block and the same street as the subject. The comparables are improved with class 2-10, two-story townhomes of masonry exterior construction ranging in size from 2,229 to 2,292 square feet of living area. The townhomes are each 130 or 134 years old and have basements with two having finished area. Two comparables each have central air conditioning, and three comparables each have one or three fireplaces. The comparables have improvement assessments ranging from \$81,939 to \$88,594 or from \$36.24 to \$38.65 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 which are less similar when compared to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 as well as the board of review comparables. These comparables are more similar to the subject in age, dwelling size, and some features, except four of the comparables lack a finished basement and/or central air conditioning which are features of the subject property. Three of the board of review comparables are also located on the same block and street as the subject. These six comparables have improvement assessments ranging from \$70,123 to \$88,594 or from \$30.62 to \$38.65 per square foot of living area. The subject's improvement assessment of \$82,259 or \$35.89 per square foot of living area falls within the range established by the six best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
