

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Beverly Beauchamp
DOCKET NO.: 19-23682.001-R-1
PARCEL NO.: 14-17-310-031-0000

The parties of record before the Property Tax Appeal Board are Beverly Beauchamp, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,125
IMPR.: \$72,858
TOTAL: \$90,983

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,288 square feet of living area. The dwelling is approximately 125 years old and has a full unfinished basement. The property has a 3,125 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,560 to 4,613 square feet of living area. The dwellings range in age from 68 to 125 years old. The comparables have basements, two of which have finished area, central air conditioning and a

2-car or a 2.5-car garage. Three comparables have one or four fireplaces. The comparables have improvement assessments ranging from \$68,250 to \$126,733 or from \$26.34 to \$28.05 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$62,073 or \$27.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,983. The subject property has an improvement assessment of \$72,858 or \$31.84 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-06, two-story or three-story dwellings of frame or masonry exterior construction ranging in size from 2,237 to 2,378 square feet of living area. The dwellings range in age from 115 to 122 years old. The comparables have full basements, three of which have finished area. Three comparables each have central air conditioning, two comparables each have one or two fireplaces, and three comparables each have a 2-car garage. Comparable #4 was disclosed to be a renovated property. The comparables have improvement assessments ranging from \$73,406 to \$101,494 or from \$32.01 to \$45.72 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 due to their significantly larger dwelling sizes when compared to the subject. The Board also gives less weight to the board of review comparable #4 which was reported by the board of review to be a renovated property and has a significantly higher improvement assessment relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are more similar in dwelling size and age to the subject property but have varying degrees of similarity in other features when compared to the subject. These four comparables have improvement assessments ranging from \$68,250 to \$76,786 or from \$26.66 to \$32.81 per square foot of building area. The subject's improvement assessment of \$72,858 or \$31.84 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
