

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Beranis
DOCKET NO.: 19-23683.001-R-1
PARCEL NO.: 14-18-324-031-0000

The parties of record before the Property Tax Appeal Board are Edward Beranis, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,880
IMPR.: \$38,080
TOTAL: \$52,960

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,228 square feet of living area. The dwelling is 125 years old. Features include a full finished basement and a 1-car garage. The property has a 1,228 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,210 to 1,800 square feet of living area. The dwellings range in age from 118 to 138 years old and have full basements with one having finished area. Three comparables each have central air

conditioning. Each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$33,768 to \$52,215 or from \$24.86 to \$29.50 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$33,954 or \$27.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,960. The subject property has an improvement assessment of \$38,080 or \$31.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and the same block as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,287 to 1,419 square feet of living area. The dwellings range in age from 120 to 132 years old, have full basements with three having finished area, and either a 2-car or a 2.5-car garage. One comparable has central air conditioning, and one comparable has two fireplaces. The comparables have improvement assessments ranging from \$40,154 to \$48,588 or from \$31.20 to \$36.45 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 as well as the board of review comparable #1 due to their larger dwelling sizes and/or unfinished basements when compared to the subject which has a finished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in age, dwelling size, finished basement and some features. These four comparables have improvement assessments ranging from \$33,768 to \$48,588 or from \$27.91 to \$36.45 per square foot of living area. The subject's improvement assessment of \$38,080 or \$31.01 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
