

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Hoffman  
DOCKET NO.: 19-23709.001-R-1  
PARCEL NO.: 14-20-209-006-0000

The parties of record before the Property Tax Appeal Board are Steven Hoffman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,640  
**IMPR.:** \$46,453  
**TOTAL:** \$55,093

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of masonry exterior construction with 1,487 square feet of living area. The dwelling is approximately 115 years old. Features of the home include a full unfinished basement, central air conditioning, and a fireplace. The property has a 960 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-10 townhomes of masonry exterior construction ranging in size from 1,794 to 2,196 square feet of living area. The townhomes are 115 or 117 years old

and have full basements, one of which has finished area. One comparable has central air conditioning, and each comparable has one fireplace. The comparables have improvement assessments ranging from \$53,210 to \$63,113 or from \$25.10 to \$29.66 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$42,067 or \$28.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,093. The subject property has an improvement assessment of \$46,453 or \$31.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-10, two-story townhomes of masonry exterior construction ranging in size from 1,481 to 1,488 square feet of living area. The townhomes are 111 or 115 years old and have full basements, one of which has finished area. Each comparable has central air conditioning and one fireplace, and one comparable has a one-car garage. The comparables have improvement assessments ranging from \$46,266 to \$57,335 or from \$31.24 to \$38.56 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives reduced weight to the appellant's comparables due to their substantially larger dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are identical or nearly identical in age, dwelling size, foundation, and most features, except two of the comparables have either a basement finish or a garage, which are not features of the subject and thus would necessitate appropriate downward adjustments to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$46,266 to \$57,335 or from \$31.24 to \$38.56 per square foot of living area. The subject's improvement assessment of \$46,453 or \$31.24 per square foot of living area falls within the range established by the best comparables in this record both on an overall basis and on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
