

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Moreno Reddick  
DOCKET NO.: 19-24578.001-R-1  
PARCEL NO.: 11-19-112-005-0000

The parties of record before the Property Tax Appeal Board are Jennifer Moreno Reddick, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,373  
**IMPR.:** \$44,403  
**TOTAL:** \$55,776

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 7,844 square foot parcel of land improved with a 121-year-old, one-story, frame, single-family dwelling, containing 2,602 square feet of living area. The property is located in Evanston, Evanston Township, Cook County and is a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, the appellant submitted sales information on four comparable properties that sold between January of 2017 and July of 2018 for prices ranging between \$149.01 to \$239.15 per square foot of living area, including land. The comparable sales properties had one-story dwellings of either frame or frame and masonry construction and ranged from 2,258 to 3,875 of square feet of living area. Appellant also included a copy of a Warranty Deed for the subject

property. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$55,776.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$66,378, with an improvement assessment of \$55,005, or \$21.14 per square feet of living area. The subject's assessment reflects a market value of \$663,780, or \$255.10 per square foot of living area, including land, when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted four comparable properties. Each of the comparable properties were improved with a one-story, single-family dwelling of either frame or stucco construction. They ranged in size between 2,602 and 3,045 square feet of living area and in assessment between \$17.38 and \$25.85 per square foot of living area. One of the comparables sold in November 2016 for \$773,500, or \$290.79 per square foot of living area, including land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's sales comparables #1, #3, and #4. These properties sold in 2017 for prices ranging between \$149.01 and \$239.15 per square foot of living area, including land. They were most similar to the subject property in living area square footage, construction, closest to it in proximity, and/or had sales dates closer to the lien year at issue in the instant appeal. The subject's current assessment of \$255.10 per square foot of living area, including land, reflects a market value above the market value established by the best comparables in this record. Based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
